Premium PVC Films & Reliable Solutions

*Quality * Consistency * Reliability*

SUNHARI INDIA offers a versatile range of PVC films developed to meet diverse commercial and industrial requirements. Our films combine durability, flexibility, smooth finishes, and dependable performance, making them suitable for applications ranging from protective coverings and partitions to packaging and furnishing solutions.

01

PVC Super Clear Film

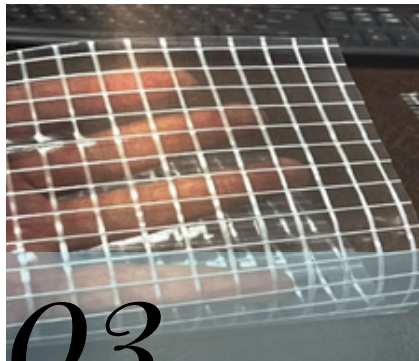

High-transparency films with a smooth, bright surface that offers excellent visibility and a clean finish. Ideal for applications requiring clarity, durability, and a premium appearance.

02

PVC Frosted Film

Frosted-finish films offering a soft, elegant appearance with enhanced privacy and visual appeal. Perfect for applications where a balance of light diffusion, privacy, and stylish aesthetics is required.

03

Reinforced PVC Film

Durable PVC films with a reinforced structure, providing enhanced strength and reliable performance. Ideal for demanding applications that require added durability, stability, and long-lasting protection.

04

PVC Colored Film

Colourful and versatile PVC films designed to add visual appeal while providing flexibility and practical protection. Ideal for creative, functional, and protective applications where vibrant colours and dependable performance matter.

Quality you can see, performance you can trust

PVC Super Clear Films

Sunhari India Super Clear PVC Film offers excellent transparency, a smooth surface, and a clean, bright finish for versatile applications. Ideal for table covers, sofa covers, blanket bags, quilt covers, packaging, and protective covers.

PVC Bag & Cosmetic Packaging

Clear PVC film creates an attractive, see-through finish that keeps products visible while providing a durable and flexible packaging solution. Ideal for cosmetic bags, product pouches, and display packaging.

Versatile Film Solutions

Supplied in carefully wound rolls, Sunhari India PVC Film is convenient for cutting, stitching, fabrication, and further conversion. Its smooth surface make it suitable for manufacturers and fabricators across a variety of applications.

Protective Mattress Covers

Ideal for mattress and bedding covers, our clear PVC film provides a practical protective layer while maintaining product visibility. Its flexible construction makes it suitable for storage, packaging, and everyday protection.

PVC Frosted Films

Sunhari India PVC Frosted Film combines a refined frosted finish with a soft, elegant appearance for a wide range of applications.

Ideal for partitions, coverings, packaging, furnishing, privacy solutions, and decorative applications.

Flexible Protection for Everyday Use

PVC film can be converted into lightweight protective wear and coverings, offering flexibility and practical protection against everyday environmental exposure.

Frosted Finish, Refined Appearance

Our frosted PVC film offers a soft, elegant surface with a semi-opaque appearance, making it suitable for applications where a combination of visual appeal and privacy is required.

Stylish & Functional Covering Solutions

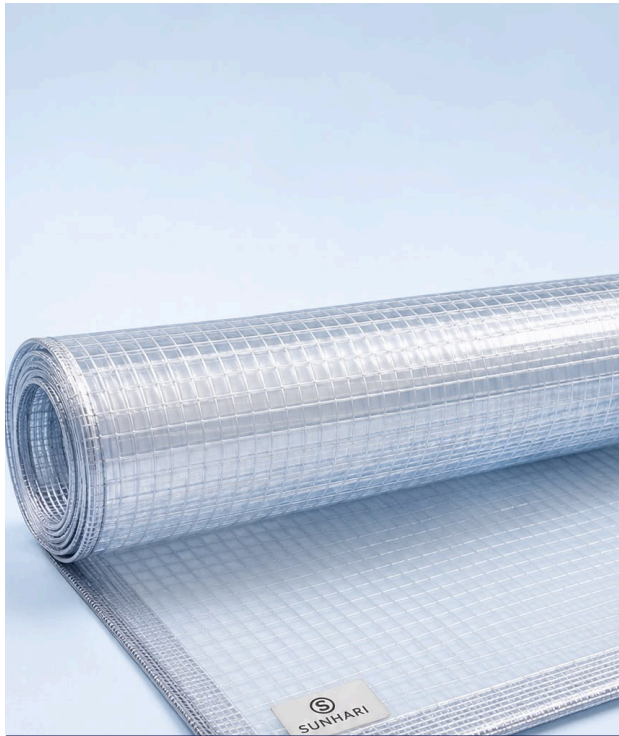

The soft frosted finish makes PVC film suitable for pouches, organizers, utility bags, and similar products where a subtle appearance and flexible construction are desired.

Reinforced PVC Films

Sunhari India Reinforced PVC Film features a durable polyester thread reinforcement embedded within the PVC layer for added strength and stability.

Ideal for industrial curtains, machine covers, protective covers, partitions, and other demanding applications.

Durable Sheets for Demanding Applications

Reinforced PVC film can be fabricated into strong sheets and covers for industrial, commercial, and protective applications where durability and flexibility are essential.

Strength Built Into Every Layer

The embedded polyester reinforcement gives the film added strength and dimensional stability, making it suitable for applications where ordinary PVC film may require additional support.

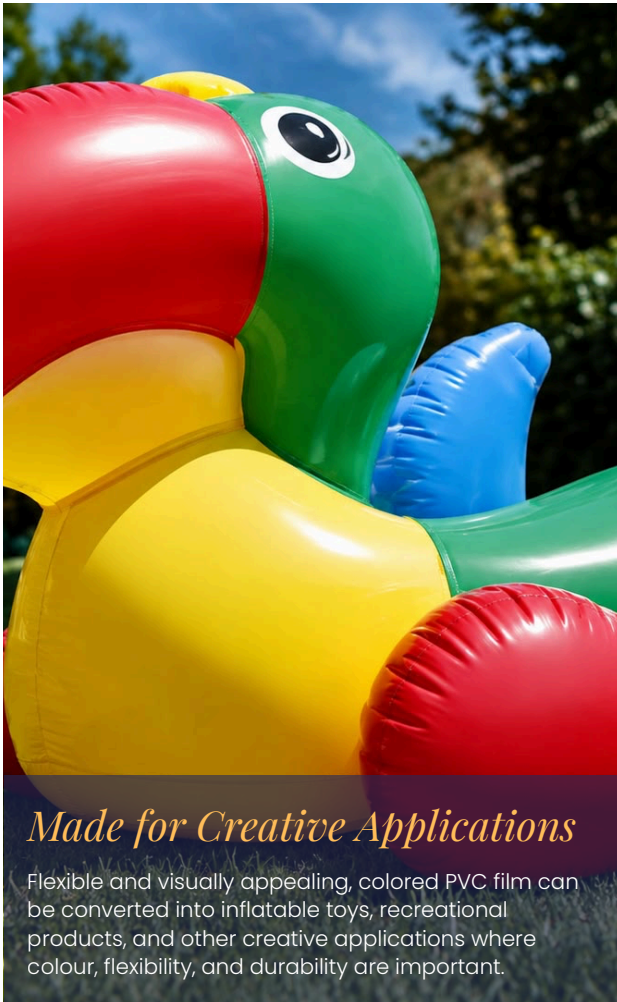

Reliable Protection for Stored Materials

Designed for use as protective covers over goods, crates, and stored materials, reinforced PVC film provides a practical barrier while offering the strength needed for repeated handling and everyday use.

PVC Colored Films

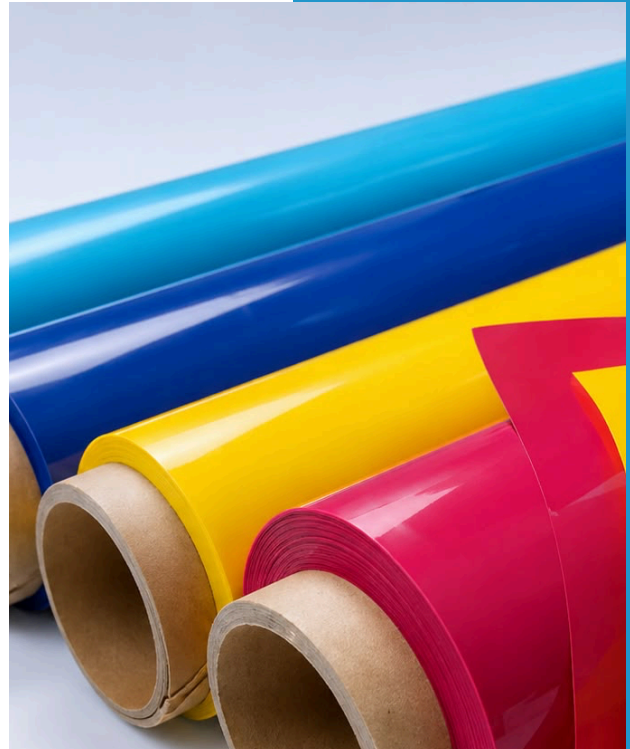

Sunhari India PVC Colored Film offers durable and flexible PVC film in a range of attractive colours, combining visual appeal with reliable performance. Ideal for decorative applications, covers, furnishing, packaging, partitions, and customized applications.

Made for Creative Applications

Flexible and visually appealing, colored PVC film can be converted into inflatable toys, recreational products, and other creative applications where colour, flexibility, and durability are important.

Colour That Makes an Impact

Available in a variety of vibrant colours, PVC Colored Film offers a smooth finish and flexible construction for applications where appearance and functionality go hand in hand.

Vibrant, Flexible & Practical

Colored PVC film is well suited for bags, pouches, and carry products, offering an attractive finish with the flexibility required for everyday use and customized designs.
